**AGENDA ITEM SUMMARY**  
**(Meeting 3/21/22)**  
**Item Number: 14**

Presented by: Ken Noble

Department: Police Dept.

**ITEM SUMMARY:**

Consider for approval the purchase of (57) new 4G LTE radio drawers for the existing 3G meter drawers currently downtown from MacKay Meters. The current meters will not be operational with the 3G radio drawers as of the end of March due to 4G LTE limitations on the current meters. The only way to continue using the same type of meter is to replace the 3G with the 4G LTE radio drawers.

**SPECIAL CONSIDERATIONS OR CONCERNS:**

This is a matter of urgency in order to continue the City's use of the meter's for downtown parking time limits for businesses in the square. Mackay Meter's is offering a \$40.00 credit for every 3G radio assembly that is replaced and returned to MacKay Meters. This would go towards our yearly maintenance fee we pay to them for the use of the meters. The total credit for all of the returned assemblies would be \$1,880.00.

**STAFF RECOMMENDATION:**

Staff recommends approval.

**FINANCIAL IMPACT:**

Cost per 4g LTE radio drawer \$240.00 each. The total for (57) units is \$13,680.00 and (1) shipping charge of \$40.00, is a grand total of \$13,720.00.

Dear Valued Customer

As a result of the sunsetting of 3G cellular services by wireless carrier partners, certain MacKay metering products will not be able to communicate with your meter management system (Sentinel™ MMS) or process credit card transactions by no later than July 2022.

The phase out of the 3G cellular network was made at the discretion of the respective cellular carriers, and lies beyond the control of MacKay. To minimize disruption, MacKay is offering an easy and efficient upgrade path to 4G cellular technology.

The MacKay SINGLE SPACE product line has been designed modularly and built for an easy on street retrofit. This on street upgrade will take less then 30 seconds to complete as the radio module requiring upgrade is a true 'plug and play' device. Simply:

- ✓ Remove power from device
- ✓ Remove radio drawer
- ✓ Install new radio drawer
- ✓ Power device back up
- ✓ Push reset

The cost of a 4G LTE replacement radio drawer (Part # - 15MM0520101) is \$240.00. However, a \$40.00 credit for every 3G radio drawer that is replaced and returned to MacKay is available.

Delivery of LTE radio drawers is anticipated to begin by end of February 2022. MacKay is currently accepting orders on a on a 'first come, first serve' basis. Please note, delivery time is up to 6- weeks from time of order due to the current stressed global supply chain. To avoid delays, we recommend you order your LTE radio drawers through your local MacKay representative today.

**IMPORTANT NOTICE:** You must meet the following criteria before your LTE radio drawers will be shipped to you:

- 1.) Have provided a Purchase Order for the LTE radio drawers
- 2.) The Purchase Order has been reviewed and approved by MacKay
- 3.) *Your account with MacKay must be current (ie. less then 31 days old) at time of shipping your LTE radio drawers.*

Thank you for your continued support of our products.
